THE PRESENT

(THE BIGGEST CHALLENGE - HOW TO RETAIN CUSTOMERS)

FOCUS ON CUSTOMER RETENTION

Excellent Partnership Opportunities with Traditional Banks focusing on Digitization / Account Growth

User has a Federal Bank Account

Downloads the Federal Bank App.

Uses banking services.

User does not have a Federal Bank Account

Signs up for Jupiter.
Creates an account

Uses banking services.

WIN-WIN!

Does not compete with the partner bank's app.
Services are identical. Differentiation is the entry point & target market.

LEVERAGING JUPITER COMMUNITY IN APP

Maximize Social Capital. Move away from Discourse to a native-app based community with minimal friction and high accessibility and metaverse inclusion

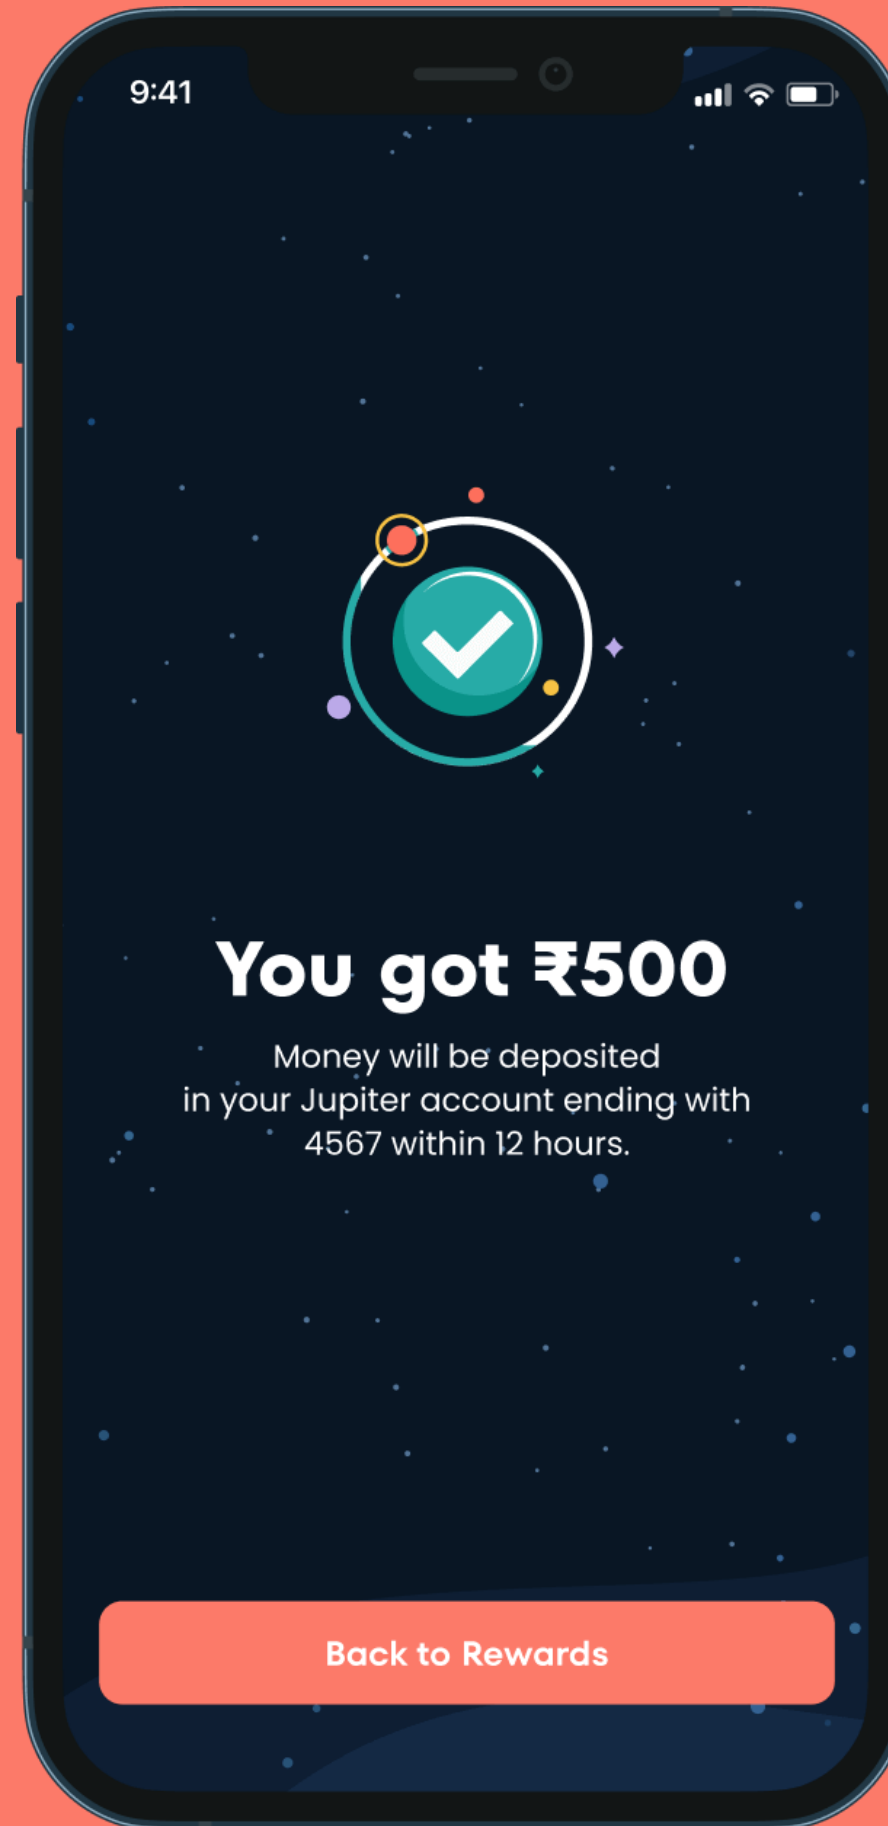

INTEGRATION TO VOICE ASSISTANT (SIRI/GOOGLE)

"Okay Google. Ask Jupiter, How much money did I spend this month?"

EXTENSION TO DEMAT & CRYPTOCURRENCY

Centralize services with partnerships. Maximize Social Capital to prop up the ecosystem

PORTFOLIO ANALYSIS & FORECASTING

BILL SPLITTING & DINE-IN DISCOUNTS

Two-pronged approach. Get people in groups and drive adoption via splitwise-like bill splitting features.

SHOWCASE THE JUPITER-SUPREMACY

"Hi Hariharan, Did you know that you saved 4 minutes by choosing Jupiter over the rest this month on top of saving INR3000?"

COLLATERAL FREE LOANS UPTO ₹5000

*or an alternative statistically determined cap based on data

Bias user behavior to consumption

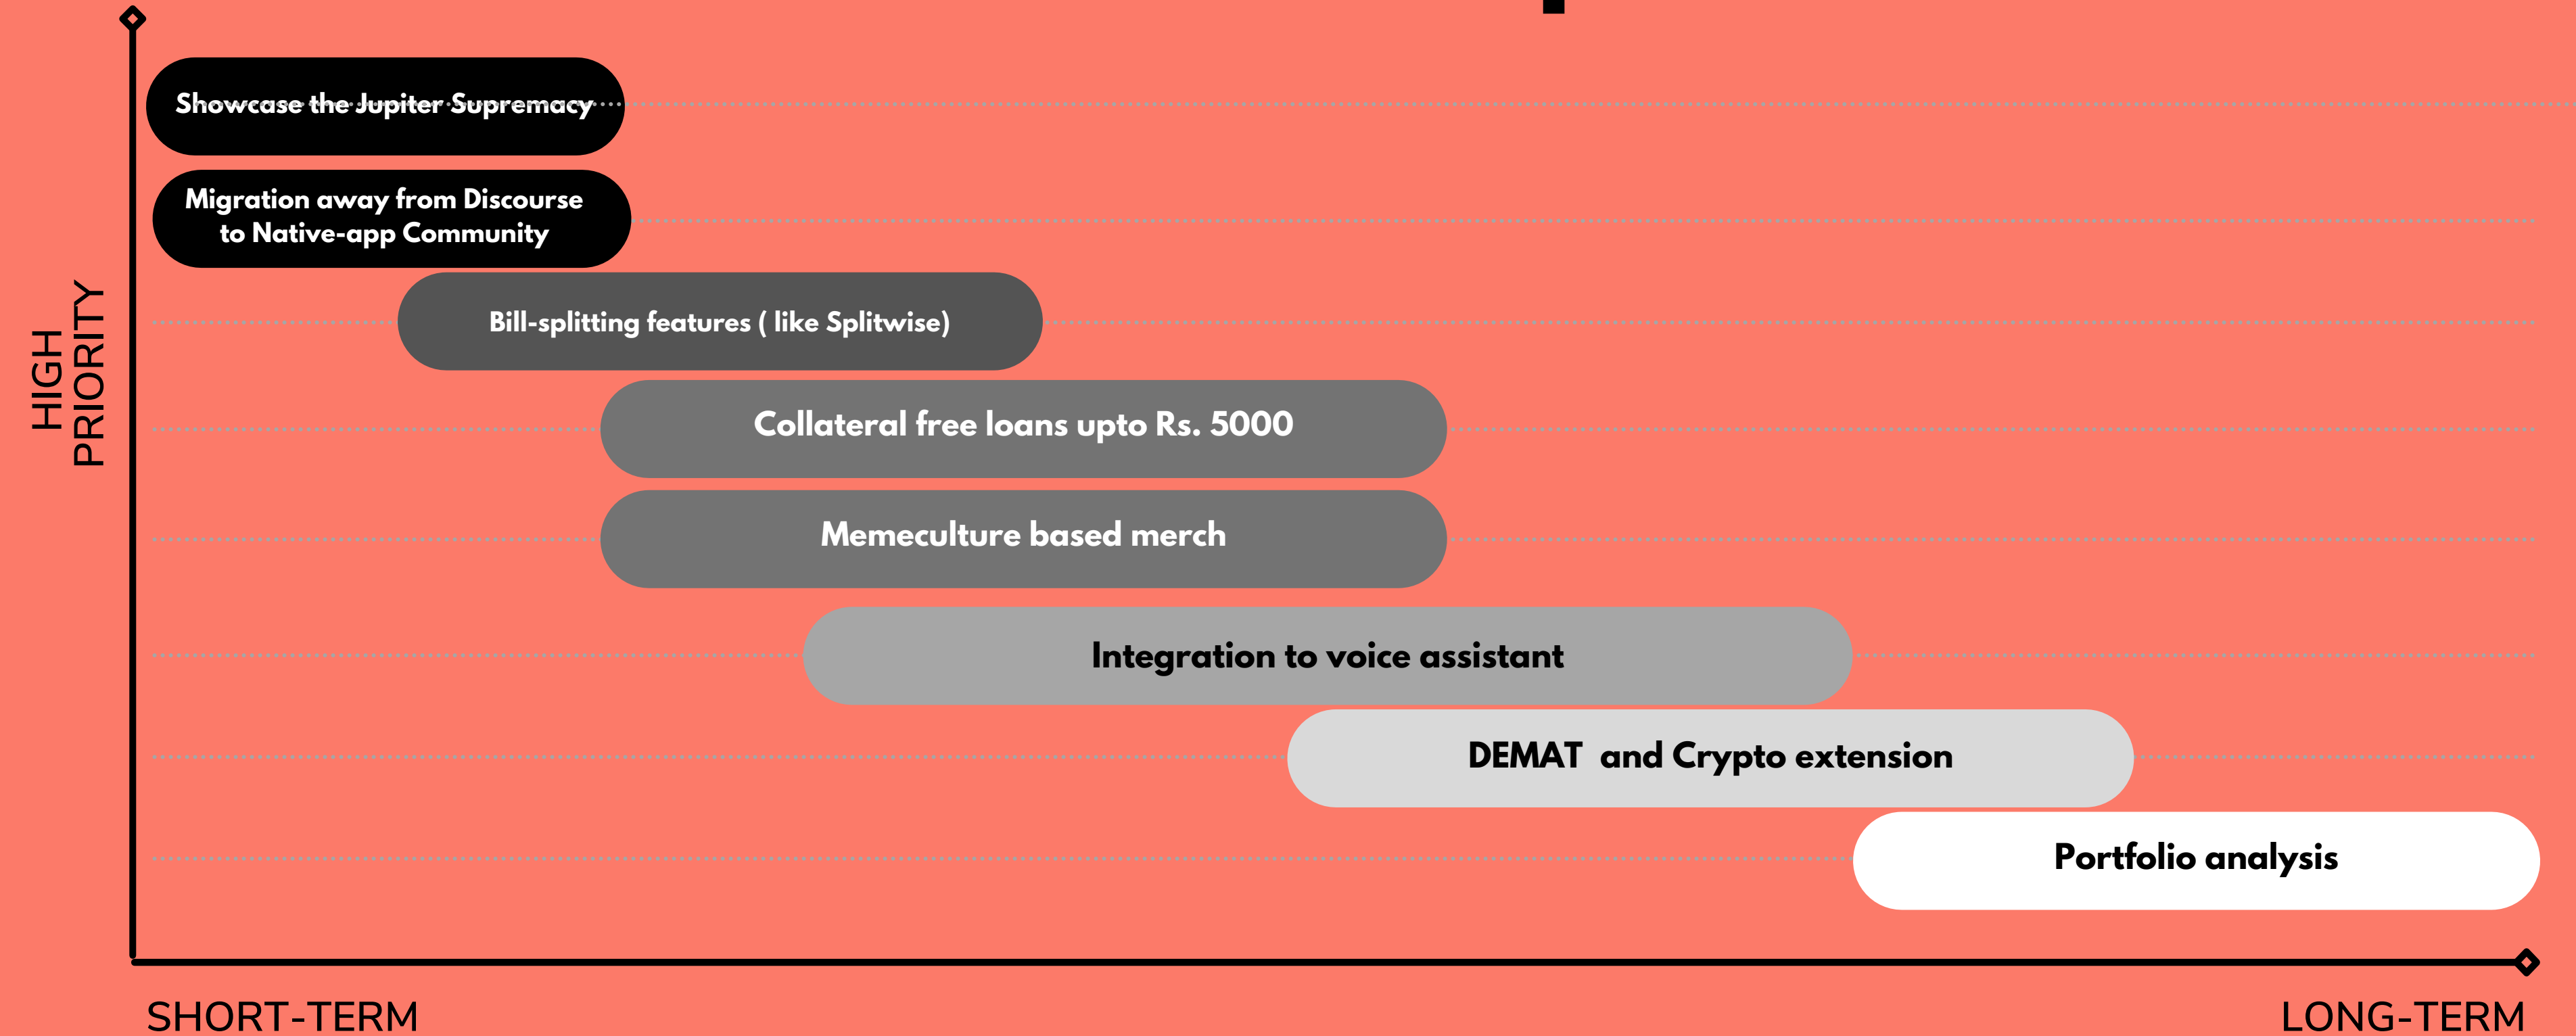

MEMECULTURE BASED MERCH

Introduce inefficient ways to spend Jupiter Coins based on emotional value. Increase Customer Lifetime Value
